

Good afternoon,

The Northern New England Passenger Rail Authority is again pleased to offer the **Downeaster Discovery Field Trip Program**. The Discovery Program allows school children and chaperones to take Boston trips on the Downeaster for just **\$16.00 per person round trip**. That's a great value in these challenging economic times.

The Downeaster is a great way for kids to travel. There's plenty of room to move around and a on-board café car. Plus, kids will get to experience train travel and learn about public transportation. In the past two years, more than 15,000 Maine and New Hampshire students and youth groups have taken advantage of this program – and loved every minute of it!

Space is limited, and reservations are required in advance. Please “REPLY” to this email with your address for a packet of information where you will find brochures, reservation request forms that can be faxed to reserve space and even field trip suggestions – with directions to attractions from Boston’s North Station! Or visit <http://www.amtrakdowneaster.com/discovery-field-trip-program/hello!>

I hope you will share this information with other teachers and take advantage of this fabulous offer.

Thank you. We look forward to welcoming your students aboard!

Sincerely,

Natalie Allen  
Marketing Director
