

Often we are asked to serve scouting and have schedule conflicts with our life outside scouting and as a result , we turn away from the opportunity sometimes wishing we had not.

Pine Tree Council hopes to implement the Campmaster program at all four council properties. The Campmaster program can give you the opportunity to visit camp on a schedule that fits your family life .

A Campmaster checks in with units at the beginning of their weekend, is available to answer their questions and makes certain they understand the layout of camp and what they have available for the weekend. A Campmaster points out areas to stay away from, (projects in mid process) and areas where units could do service to camp should they desire.

Would you consider being PTC's point of contact for units visiting camp for the weekend?

Would you say 'yes' to one or two weekends over the course of the year?

If your answer is yes, please fill in the box below and return this page to council.

Thanks for taking the time to consider being a part of this effort.
