Crew Leader Succession Plan

For every Crew position there should be parent participation and future leadership identified. Seasoned leadership will help us continue to grow and strengthen our Crew, serving as Top Leaders and Chairs. Experienced parents/leaders act as Co-Chairs and Co-Leaders. Newest members can observe and help. Congratulate and recognize them for everything they have done (and continue to do) for your boys and Scouting!

"It's far better to find ten people that can do the work than it is to find one that can do the work of ten." Remember, everyone has something to contribute and may be waiting for you to ask for help. Please look carefully at the future of your Crew. Is the best leadership in place now and in the future to make dreams & plans reality?
